

Engineering
For Kids

Lunchtime STEM Hands-on Program

School: Rosedale Heights Public School

Grade 1-3

Playful Playground Engineering Program

Students will become mechanical engineers that have been hired to design the ultimate playground in their community. Playgrounds are packed full of simple machines such as levers, wheels and axles, inclined planes, and pulleys. In these lessons, students will learn about the simple machines they encounter every day at the playground while advancing their Robotics skills in building automated playgrounds. We can't wait to play!

Date: Thursdays Jan.18 – Feb.22, 2024
